

CSE Ph.D. Breadth Requirement Completion Form

Name: _____	Student ID: _____
Signature: _____	

Area	Course	Term	Grade
Algorithms <i>(mandatory)</i>	CSE5500		
Programming Languages	CSE5102		
Theory of Computing	CSE5506		
Networking	CSE5300		
Operating Systems	CSE5306		
Architecture	CSE5302		
Parallel & Distributed Computing <i>(area satisfied by any one of these)</i>	CSE5303		
	CSE5304		
	CSE5510		
Machine Learning & Data Mining <i>(area satisfied by either of these)</i>	CSE5713		
	CSE5820		

Instructions. The breadth requirement demands satisfying four of the areas listed above. The algorithms area (CSE5500) is mandatory; students may choose any three other areas to fulfill the requirement. The average grade among these courses must be a 3.7.

- Complete and sign the form.
- Submit to the CSE graduate administrator with an unofficial copy of your transcript.

Effective date. These requirements apply to students commencing graduate studies in the Fall semester, 2017, or later. Earlier program requirements are available on the CSE website.
